

Sunshine Canyon Operations Support Republic Services' Sustainability Goals

September 7, 2018

SYLMAR, Calif. (Sept. 7, 2018) – Republic Services recently released its 2017 Sustainability Report, demonstrating its commitment to providing regular reporting on its sustainability initiatives and progress. At Sunshine Canyon Landfill, sustainable operations help drive our team's efforts. Our focus on responsible landfill management and being a good neighbor in our community directly support Republic's sustainability goals.

Some highlights from Republic's 2017 Sustainability Report include:

OPERATIONS

For over a decade Republic has made investments in compressed natural gas (CNG) trucks and fueling stations, which are cleaner burning and quieter than diesel trucks. Republic's continued investments in CNG trucks and fueling stations have enabled the Company to begin making a seamless transition to renewable natural gas (RNG), which has the lowest carbon intensity of all the alternative fuel technologies on the market today, according to the California Air Resources Board.

MATERIALS MANAGEMENT

In 2017, Republic collected over 8 million tons of recyclables and processed more than 6 million tons at 90 recycling centers nationwide. In addition, Republic is delivering solutions to customers in response to an industry-wide recycling crisis.

COMMUNITIES

Last year, Republic gave \$7.1 million back to the communities it serves. In addition, Republic employees, board members and suppliers gave over \$4 million in funds, food, supplies and housing to support employees affected by hurricanes.

SAFETY

Since 2009, Republic drivers have won 75 percent of the National Waste & Recycling Association's "Driver of the Year" awards, an honor that celebrates exemplary customer service and superior driver safety records. 2017 was no exception with drivers from the Company's Huntington Beach, Calif. and Phoenix, Ariz. divisions selected by the industry to receive this prestigious recognition.

PEOPLE

Among many other distinctions, Republic earned 100 percent and the distinction of a "Best Place to Work for LGBTQ Equality" on the Human Rights Campaign's Corporate Equality Index for 2018.

At Sunshine Canyon Landfill, we remain committed to operating the Landfill in a sustainable manner and supporting our community. To learn more about Republic's Blue Planet sustainability platform or to download the latest Sustainability Reports, visit: republicservices.com/sustainability.
